Student Evidence of Progress

Abc is a 9-year old homeschool student in Chesapeake, VA. Abc reads at grade level and demonstrates proficiency in oral communication. Abc is working on improving their writing and has some difficulty with creative writing. In Math, Abc is doing well with multi-digit addition and subtracting, measuring, and geometry. Abc shows strong interest in Astronomy and anime. Abc enjoys talking with others about anime and drawing characters. He would like to learn to play a musical instrument. Abc shows strengths in his organizational planning and execution.

It is the conclusion of this evaluator that Abc Def is achieving an adequate level of educational growth and progress.

Zhavon Malone, M.Ed.
