

Welcome Aboard!

Welcome to 360 Citizens, a nonprofit (501(c)3) organization. 360 Citizens uses literacy to ensure that youth have the knowledge they need to be engaged, empathetic, and economically secure community members. 360 Citizens Academy serves multiple purposes. We provide educational support services including reading intervention, consultations, and homeschool evaluations. These services focus on exceptional learners (students with special needs) and marginalized populations who are often underserved. We are happy to have you as a part of the program, which is literally not possible without tutors like you.

Tutors as Independent Contractors

We recruit tutors of all backgrounds and experience levels. Pay rates are set by the organization and may fluctuate depending on need. Any changes will be provided in writing with a 30-day notice. We ask that tutors complete any jobs that are in progress before leaving the program. Background checks will be conducted. Tutors are independent contractors and must complete a W-9 form. 360 Citizens is not responsible for withholding or paying taxes for independent contractors. Independent contractors are not eligible for unemployment or other benefits. Independent contractors are considered self-employed by the IRS and may be subject to [self-employment tax](#). If tutors make \$600 or more during the year, a 1099-Misc will be sent for that tax year.

TutorBird Profile and Use

Tutors are responsible for setting up and maintaining their tutor profile on [TutorBird](#). TutorBird is where your teacher profile is located. If you have any questions, please use the help feature in TutorBird or contact Zhavon “Shay” Malone by phone at 757-209-2095 or by email at shay@360citizens.org.

Job Expectations

Once a student is referred to the program, organization staff will conduct an assessment of need. Based on the assessment, we will recommend the student for our program or for other resources. If the student joins our program, tutors whose profiles seem to be a good fit will be contacted. Family preferences will be taken into account.

Once the tutor accepts a student, it is expected that the tutor will contact the client within 24 - 48 hours to introduce yourself and schedule the first session. Sessions can be conducted at a public location, in the tutor's home or in the client's home. ***Please note that if you meet inside your own or the client's home, the client has agreed that you will never be the only adult present with a minor student.*** Lesson reports should be completed and sent to the parent and director at least once per week.

360 Citizens Academy tutors are also expected to maintain regular communication with students and families, convey respect for all levels and abilities, and promote a supportive, engaging learning experience. Tutors are expected to maintain client confidentiality and not disclose identifying information outside of organization staff and other tutors. Tutors are expected to assume positive intent and refrain from gossip or disrespectful language regarding students and families.

Payment Policies

Tutors will be paid at the agreed upon rate. Tutors are paid up to twice monthly on the Thursday following the 1st or 15th, depending on the client's start date. If the 1st or 15th fall on a Thursday, tutors will be paid the following Thursday. Tutors will be deducted pay for missed sessions on the following pay date. Tutors can view their payroll in the TutorBird system.

Clients pay 360 Citizens Academy directly and payment is then distributed to tutors. Tutors should not receive direct payments or gifts from clients directly, as it can be an ethical violation. Tutors who decide to receive direct payments or gifts will not be allowed to tutor with 360 Citizens Academy for a period of at least 1 year.

Useful Links

The following links are offered to increase your proficiency and success as a tutor.
